SpiegelMining. Auch Spiegelredakteure feiern Weihnachten. Eine Analyse von 70.000 SpiegelOnline-Artikeln

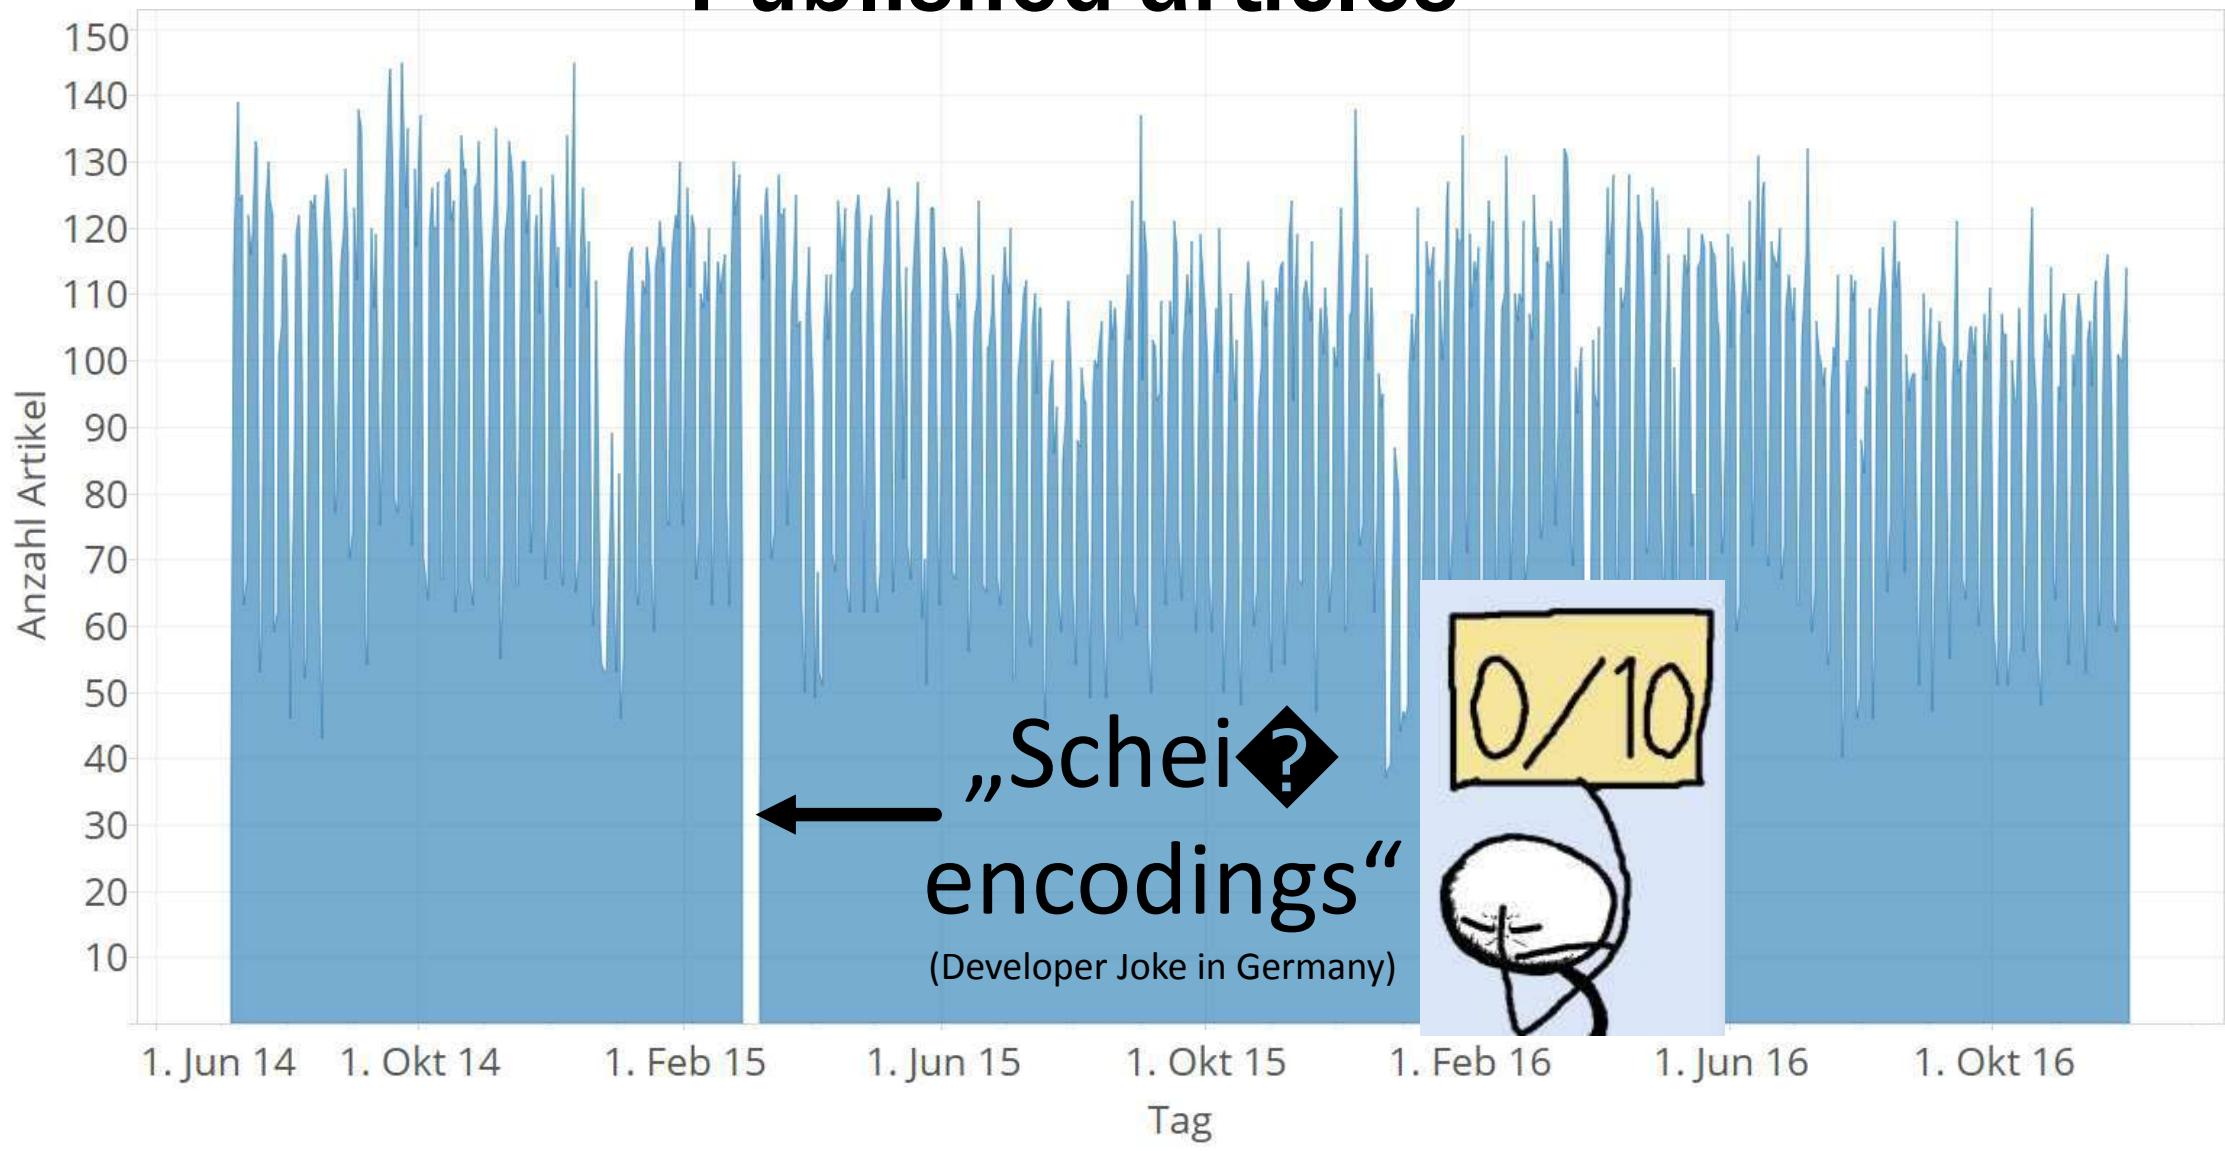

SPIEGEL MINING

Seit Mitte 2014 habe ich mehr als 70.000 Artikel von SpiegelOnline systematisch gespeichert. Jeden Tag kommen im Schnitt 100 dazu. Diese Artikelmasse werden wir in der nächsten Zeit auswerten und erforschen. Was herauskommt, ist eine tiefgreifende Analyse des Publikationsverhaltens des vielleicht größten Meinungsmachers Deutschlands.
